We are a non-profit registered charity providing social services in Surrey, Delta, White Rock and Langley. We believe in helping people help themselves. We believe in collaborating with individuals, businesses, community groups and government to create focused, effective and responsive resources for the community.

We envision a healthy community as a safe and clean environment where we all have a sense of belonging. It is a place where each of us has the opportunity to work and learn and to develop and realize goals that are meaningful and fulfilling.
