**Newcomer Wellness Coach  
Permanent Part-time  
(21 hours per week)**

**Moving Ahead Program**

#### Options Community Services Society

We are a non-profit registered charity providing social services primarily in Surrey, Delta, White Rock and Langley. We believe in helping people help themselves. We believe in collaborating with individuals, businesses, community groups and government to create focused, effective and responsive resources for the community.

We envision a healthy community as a safe and clean environment where we all have a sense of belonging. It is a place where each of us has the opportunity to work and learn, and to develop and realize goals that are meaningful and fulfilling.

As a team member of the Moving Ahead Program (MAP), the Newcomer Wellness Coach organizes and facilitates culturally appropriate one-on-one and group activities that address the physical and mental wellness needs of vulnerable newcomers.

Key functions include short-term counselling to remove barrier to access services necessary for successful settlement and integration; group facilitation to promote physical and mental well-being; training/support that aims to increase staff capacity to identify client mental health issues and make appropriate community referrals as well as to acknowledge/respond to the emotional hardships newcomers experience as part of the migration, resettlement and settlement experience.

#### KEY DUTIES AND RESPONSIBILITIES

- Adopt creative strategies and establish appropriate community partnerships to reach/recruit client target group and to provide orientation to clients, if applicable.
- Participate in an initial needs assessment conducted by MAP Case Worker.
- Conduct assessments in collaboration with Case Worker and/or the family, if the potential for counselling emerges.
- Express a willingness to learn more about, and show respect for, the clients' worldview, belief systems and means of problem solving in order to collaboratively develop and sustain culturally sensitive and agile interventions.
- Maintain current knowledge of counselling modalities, best practices in relation to the target population, culturally competent service provision, trauma informed interventions and practice.
- Participate in regular clinical and administrative supervision according to accreditation standards.
- Co-facilitate and lead educational/counselling groups
- Participate in Integrated Case management meetings relevant to referred families.
- Provide individual and family counselling, implementing intervention strategies consistent with client information and goals. Work in collaboration with MAP Case Worker to ensure that Wraparound Support Plans are integrated with psychosocial support.
- Provide training/support for MAP staff (and IS staff whenever possible /appropriate) that addresses vicarious trauma and compassion fatigue, ensuring that staff have the right tools to properly guide and refer clients while managing their own personal and well-being.
- Establish a positive rapport and working relationship with clients and engage them in activities that encourage them to connect to the broader community.

**NOTE: Applicants not selected for an interview will not necessarily be notified.**

Options Community Services Society is an equal opportunity employer committed to hiring a diverse workforce.

- Establish appropriate linkages to other Service Providers to facilitate referrals and to ensure a coordinated support system for the client.
- Record, maintain, and report client data and information through relevant Forms, OCMS and iCARE databases; complete all required/assigned reports.
- Develop program-relevant reference and resource materials as needed.
- Promote the development of inclusive communities and support/participate in community forums/initiatives/meetings as assigned.
