**Child and Youth Care Counsellor  
Casual**

**Special Services to Children  
and their Families - PIP**

#### Options Community Services Society

We are a non-profit registered charity providing social services primarily in Surrey, Delta, White Rock and Langley. We believe in helping people help themselves. We believe in collaborating with individuals, businesses, community groups and government to create focused, effective and responsive resources for the community.

We envision a healthy community as a safe and clean environment where we all have a sense of belonging. It is a place where each of us has the opportunity to work and learn, and to develop and realize goals that are meaningful and fulfilling.

As a branch of our referral based services of Special Services to Children and their Families, the Private Intervention Program (PIP) is available as a private, fee-for-services for children with developmental disabilities. The goal of the program is to work with children to help them reach their full physical, social and emotional potential, in order to become happy healthy and growing members of the community.

Reporting to the Program Manager or their designate, the Child and Youth Care Counsellor will be working in a group or one to one setting with children, aged 3 to 19, who have a behavioural, cognitive, physical and/or developmental disability. The position consists of regular interactions with the client, assessing, creating, implementing, facilitating, and evaluating strategies from designated goals, by working on skills involving areas such as behavioural strategies, social skills, communication, community involvement, and life skills training. The program for the most part is community based. Afternoon and evening work may be required.

#### HIGHLIGHTS OF KEY RESPONSIBILITIES

- Work with the clients/families on implementing and facilitating strategies, mainly in the community.
- When working with groups/one to one, providing recreational, educational and social learning opportunities to children within the community. Being interactive and engaged with clients. Allowing opportunities for clients to socialize with peers but always being attentive and aware of dynamics of the interaction.
- Assess needs and develop individualized strategies from identified goals to meet the needs of your clients.
- Evaluate the client's progress by written reports and daily journal notes, in accordance with Accreditation standards.
- Work within a team setting and participate in the organization of special events, activities, outings and summer programming, providing feedback in order to optimize the participation of their client.
- Liaise with other CYCC's, assistant program managers, program manager, social workers, parents, agencies, and other professionals, advocating and advising on strategies that have proven success towards the client's goals.

**NOTE: Applicants not selected for an interview will not necessarily be notified.**
